Happy Hour

March started out with a bang. Picking up where February ended and kept the fun rolling.

For the membership meeting, March 2nd, Suncoast Porsche provided the speaker, Joe Hoppen, who enlightened us about his involvement with the Porsche racing program.

March 10th, at 8:30 AM, the inaugural Chi Chi Rodriquez Charity Golf Tournament got off to a shotgun start. There were many prizes and sponsors. I attended as a non-golfer for the luncheon and cheered on the foursome of Margaret Hall, Gerry Curts, Bob Meyer, and Bill Riley.

There are some great events in May that I hope you don't miss, Drivers Education on the long course at Sebring. It will fill up fast so get those entries in early.

Zonefest '01 promises to be the well planned and executed manifestation of our own Gerry Curts and Mike Joffe of Gold Coast Region. The Friday night welcome party is a chance to renew acquaintances. You may want to arrive earlier to get your car ready for the Concours on Saturday. After your photos of the beautiful cars, wander back to the banquet room and take the Tech Quiz, prepared by Ellen Riley. The questions will be challenging but fun. Sunday the Autocross and RC car race, for

children 12 years or younger, will be held at nearby Buckingham Park Airport. You will find this an exciting and fun packed weekend.

I appointed Glen Getchell as the Rally Chairman. He would like some help with the planning of a school on how to read and follow the general instructions for a rally. If anyone is interested in learning more about rallying or helping, contact Glen at (727) 393-5559. We have the exciting Sunrise/Sunset Rally hosted by Space Coast/Citrus and Suncoast on June 15-17. Suncoast came home with the Championship Trophy in 2000 and we want to bring it back to our Region in '01. Come out and be a part of the winning team and enjoy the beauty of Florida from coast to coast.

How I Became A Member

Then It Happened

By Jay A. Nizborski

It all started out so innocently. I had slowly graduated from a '87 944 to '79 930 and then to a '93 C2. I was simply enjoying weekend drives in my Porsches'. Then it happened.

My best friend of many years Bob Mazey of the Shattenbaum PCA Region called to say he had purchased a dedicated track car and was going to pursue his PCA Club Racing License. Needless to say, Bob's quest was handled in the same manner as everything else he had done in the past, with full tilt commitment. Bob soon received his license and began inviting me to Club races at such wonderful venues as Road Atlanta, Mosport and Carolina Motorsports Park just to name a few. The weekends were filled with enjoyable times and at least ten to fifteen inquires per weekend as to when I would be purchasing my "Track Car". The smell of rubber in the morning definitely has an effect on a mans' ability to maintain self control.

Well the story kind of goes along like this.... I lasted two race seasons without purchasing more than plane tickets, dinners, lots of cigars and your typical weekend outing sundries. I did however purchase my track car (a very choice 1980 911SC) in September of 2000 and have done my part to help keep the doors of a local shop open (Modifications-if you know what I mean, and I think you do).

I have attended five Drivers Eds since October 2000 and if all goes according to schedule, by the end of the August, I will have 20 plus days of seat time under my five point harness. I am having the time of my life and hope to be racing myself in the near future.

So my thanks go out to my best bud Bob and my family who have been very supportive of my new found passion. Additionally, the big bonus is all the great friends I have made through Suncoast Region as well as from many other regions at various track events. Life Is Good!

Rock On
Jay A. Nizborski

Porsche performance is like no other thrill on earth.
The power to excel ... the drive for perfection ...
the sheer beauty that stirs your soul. It is that
singular passion you share with only a select few.

FAITH CHILDREN'S HOME CAR SHOW & FESTIVAL

It should be no surprise to those of us who have attended the Christmas Parties at the Faith Children's Home these kids *LOVE* our cars!! More specifically, riding in our cars. That was the motivation behind scheduling our monthly membership meeting at the home. I wanted a format that would allow the kids to see our cars in all their glory, in the daylight-haha, as well as an opportunity for them to learn all they can about the cars we cherish. And who better to teach them about our cars than us???

We will have a Tech Quiz/ Information Treasure Hunt. The kids will compete for prizes within their age groups. Each variety of car will have a list of questions they must be able to answer. These lists will be supplied each driver as they arrive. **Please feel free to contact me with specific questions you want to be asked about your car. Questions they can only ask you about your particular car.** We should make it a bit challenging!! It will not, however, be a concourse.

Another activity will be one for the younger kids who couldn't tell the difference between a 928 and 911, let alone a 626, if their life depended on it. So, for them, we are going to have a Petting Zoo, of sorts, set up so the kids can ride the pony or feed the goats, chickens, etc. Hopefully, we will also have the Moonwalk available as well. That depends on whether we have a large RSVP...

Please make this a family event as all PCA children, ages 5-18, are encouraged to participate in the treasure hunt and all ages can enjoy the Petting Zoo. We will have food and drinks for sale throughout the day.

Registration fee is \$10.00 per car and will be from 9-10AM. The Tech Quiz will be handed out to the children at 11am with prizes awarded at 1pm. Membership Meeting will start at 2pm. The Driving Parade around the grounds will start after the meeting for those who wish to give rides to the kids who have drooled over our cars all day! All proceeds will go to

The Home and the wonderful memories will be yours and the children's to keep forever!!!!

RSVP to Karen Selzer @ 727.857.1386 and leave a message with names and ages of your children that will attend.

FANTASY OF FLIGHT PORSCHES, PLANES, AND FOOD!

What else could one want? Well how about a spirited morning drive in that Porsche. That's right folks PCA Suncoast Region is planning a day trip out to see the old airplanes at the Florida Attraction Fantasy of Flight located in Polk City. We will start out early on May 19th, 2001 from Ybor City. We will proceed in taking the long cut which hopefully will keep us off the interstate and on some back roads. We plan to arrive at Fantasy of Flight between 10:00 and 11:00 am where we will meet up with those who were not able to partake in the drive part of this event. Once at Fantasy of Flight our beautiful Porsche Automobiles will be parked on the Tarmac where other visitors can admire them. Once in, we will be provided with a private tour, and partake in a private PCA Lunch at the Officers Club. Once your belly is full, you can be off to use the simulators and fulfill that life long dream to be an Ace Fighter Pilot, or watch the Helicopter simulator demonstration. And at 1:30 (weather permitting) a daring pilot will take to the sky in the vintage aircraft of the day. Who knows what it will be. Maybe a Spitfire, or a B-24 or maybe even an amphibious Duck. Your guess is as good as mine. Later you can roam around until your hearts content. So if this sounds like a lot of fun to you, then mark your calender and fill out the entry slip below. Any questions can be directed to Glen Getchell 727-393-5559 glengetchell@ij. **Entry forms must be received no later then May 9th 2001.**

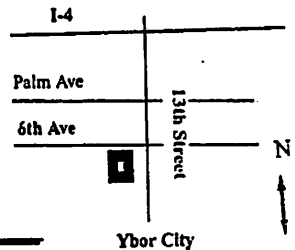

The drive/caravan portion of this event will start at Curts-Gaines Hall Architects 1217 E. Sixth Ave. Tampa Fl. (Ybor City). We will gather at 7:30am (ouch!), and leave shortly after.

48 Hours at Sebring - 2001

By Jim Hallmark

WOW! What can you say about an event that really gets better every year. 300 plus Porsche's of every type, horsepower, color and modification you could imagine were represented. What a weekend it was, I can't hardly wait until next year. This year we had full use of all the track facilities, pits, tower, everything which was a vast improvement over last year when we just had temporary trailers to work from. If you haven't been in a while the track is really looking good, thanks to Mr. Panoz.

There are a lot of people who put their heart and soul into this event just to make sure everyone had a great time, whether you are racing or just spectating. Steve Gaglione, my hat's off to you for the excellent job you do pulling this all together and that Janie can take care of business when it needs to be done, Dave Cook (Where does he get all that energy? He makes me tired just watching him go 90 miles an hour with his hair on fire.) in his sage ole way, keeps everything and everyone on track. He is the "Answer Man". Don Busby, Ellen and Bill Riley, along with Carole and Charlie Potts do a fantastic job in Registration, not to forget Phil " Mr. Red Shoes" Harrison, (that's what pays the bills and fattens our club coffers, not Phil, the registration. Don used to go 90 miles with his hair on fire, but now a days he just goes 90 miles an hour.)

Sue McKenzie is a real trooper. She was at the Information Tent on crutches to keep Mike, Gerry Curts, Chris and Ruben Ladesma straightened out.

Suncoast Region met the call for Volunteers, with about 110 signed up, a lot of new members, like Diann Calahan, with Re-Thread Art and John Benson, ED " I can't find my corner " and Jason Hunziker, John Lutzo, Bob Dwoark, Albert " The Elf", Alica, and Jennifer Carr, M.G. Luttell, Tho and Orson Knapp, Richard Pipher, John Franceschi, Rene Monfort and his great dad Antoino, Steve and Laura Buchkovich, Tim and Helen Smith, Jim Grif-fiths, Jay Nizdorski, Doug Nietubicz, David and Merle Libby- all nice folks, and quite a few from out of state with about 90 actually participating.

All of you folks were great and we really appreciate all the fantastic work each and everyone did. One of the youngest volunteers at age 3(almost, 3 in March) was Cooper Hallmark, a 3 year

veteran of 48 Hours, his brother C.J. age 4, would have been there, but had a bad cold . Cooper was our water cooler filler upper. We had three generations of Hallmarks there which makes me really proud. We also had our daughter Denice Walther, grandson Frankie Walther, and granddaughter Hunter Walther (it's a family thing) along with Linda Hallmark. Carole Potts was a tremendous help selling tee shirts, posters and handing out the meal tickets and the free snacks that were so generously provided by SUNCOAST PORSCHE (a little plug for Gordon and Kyle McKeehan, Rob, and Chris).

This year's Grid Master was Chad Hallmark, along with Doug Gregory of Chi Chi Rodriquez Golf Course and our Host for the Tournament, LisaKay Golde (of the Porsche Experience, a real Pro), Garry Eaves, Charlie " I want a new Boxster S " Potts and others. These are the people who make sure all the racers are in proper order and in the right group. It's a pretty tough job, especially when some of these racers will try all kinds of little tricks when you're not looking.

John and Cindy Ophile along with Brad Camp and his" Tennessee Gang " made sure all the racing cars had all their parts in place, bolted on, and ready to go (No hanging or dimpled Chad's here). Tech is one of the most important requirements at all racing events and we have some of the best inspectors in the business, doing a great job.

Shirley Cook, Tom and Cindy Briest took care of timing all weekend with Richard Peters and Julie Eaves, (son Ryan was on a corner), was helping out. this is a very demanding job as all the racers swear they did better than the posted times. I even got a couple of e-mails from the Texas contingent looking for their times, I guess us Texas types have to stick together, right Sam Arledge!

Some of our volunteers come from as far away as New York, like Sandy and Jay " I need a Meal Ticket" Novick, this guy is a real character, poor Sandy! They really are a lot of fun for a couple of Yankees.

You know since I've been in the PCA I've seen some REAL PORSCHE diehards but Art Stemler wins my award. Not only for the fastest

Continued

ride in the Club with his, That's Right ! New Fresh From The Factory TURBO. Hey Art, did Shirley really get the first ride? I'm still waiting. Art drove all the way back to Reeves in Tampa just to pick his new TURBO up and bring it down for all of us to drool over. That's about 3 1/2 hours , which wouldn't be bad in a TURBO.

Chicanes at Inn On The Lakes is a great place to eat. A group of us went over for Friday night dinner with Eunice and Grant Painter, Steve and Janie Gaglione, Art, the McKenzies, Cooks, Dennis " All I want to do is go racing" and Sue O'Keefe, the Potts, Chad, Cooper and Linda Hallmark. Things were going along good even with a packed house, when we had a little Floor (and ceiling) Show compliments of a couple of waiters that didn't zig and zag at the same time, food exploded on the walls, ceiling, floors and waiters. I thought we were on a Van Dame Movie set. Eunice, Grant, and Janie's friend Jim Silvera were setting in a booth next to the glass dividing wall when it happened and we all thought it was coming down on them. Thank goodness all that was broken was some dishes.

As far as racing, there was a bunch, along with solo drivers Ed.. I can't imagine any other event where you get as much track time as you get with the 48 hours. There were some Shunts (fender benders), flips and crashes, burning cars, grown men crying, but no real injuries. Kelly- Moss was there with a number 9, GT3RS car, that was a rocket on wheels, a 904, 908, 930's, 935, GT-2,GT-3, Racers Edge GT3R's from Daytona 24 Hours and yes Steve, Chad and T.C., a bunch of 914's. Great Stuff even if your not a racing fan.

The people at the Chatuau Elan Hotel at the Sebring Track had their hands full trying to accommodate everyone and did a very good job, even setting up a nice early morning breakfast bar at the track which saved a lot of us who have to have our coffee in the morning. Wild Turkey did an excellent job feeding everyone, I don't know how they do it.

I have tried my best to cover a few things and peek your interest for next years 48 Hours, but you have to be there to really appreciate it and we always need volunteers with or without experience. You have to start somewhere, why not

here, Just ask Diann Calahan. Did I mention we feed you and even give you a great Tee shirt just to have a lot of fun.

Get involved in your Region's activities we have a lot of fun with some really fantastic people and make new friends every time we do something like this or Drivers' Ed. I thought DE would be boring, but I'm hooked. I had promised myself in 1965, at my first Sebring 12 Hour race, that one day I was going to drive on Sebring's race course, DE helped me realize that dream and you can share it too.

Boy, looking back at this is almost like one of those UGO Uttering's. It must be wearing off on me. I'm doomed. Not to worry, after Linda gets through straightening out this it'll all make sense.

Welcome Back Porsche Fans

It has been so rewarding to see the number of new and old members jumping in to take advantage of all the events we have planned over the past few months. We are definitely loading up every weekend in hopes we will catch you with nothing to do on one or more of them. I appreciate the calls and emails with your feedback about the events we have done and new ideas. In fact, at the golf tourney yesterday, two members have volunteered to raise the Halloween Rally from the dead. What an awesome event it was and will be again!

Speaking of Rally's, Glen Getchell has been crowned "Rally Master" and will be creating various rallies for your driving enjoyment. Thanks and Congratulations Glen!

As you can see from the various pictures from The Breakfast/Brunch Club at Woody's we have begun quite a tradition out there. We are changing the name for all you sleepers and remember, you can show up whenever you want as they serve a great lunch menu as well. We begin at 10:30 and are usually done by 1:00pm. We doubled our turnout in February and your feedback so far is to stay put! Apparently, you folks like being near the beach and all St. Pete has to offer after breakfast is over. Come on out and join the party...for \$3.50, you get all you can eat! Be sure to <I><U>RSVP</I></U> the Friday before the event. See the ad for April and May dates...

The Drive & Dine has rebounded quite nicely and we had a fantastic time on Valentine's Day. We met at Cody's Roadhouse, had 12 cars and over 20 members enjoyed dinner, including Armando Ramirez from Citrus Region. Thanks to Gary and Denise Wolsiefer for joining us and inviting him. Everyone is WELCOME! We have chosen Bahama Breeze for our next location, BUT ... we had to change the date from Friday, April 13, to Wednesday the 11th. They could not accommodate us on a Friday night-Sorry! May will find us cruisin' up I-75 to Brewmaster's. See the ad for details and be sure to <I><U>RSVP</I></U> me the day before so I can get us seated together.

April also brings with it the Annual Florida Suncoast PCA Barbecue. We are alternating each year between the Stemler's and Chef Phil's in Arcadia. Check out the ad for a map, details about his wonderful home, and be sure to check what dish you are scheduled to bring. <I><U>RSVP's</I></U> are necessary by April 21st so Chef Phil can get the meat ordered. Don't forget your lawn chairs...

May is full of many fun events for the entire family. May 5th is our next membership meeting and will mark our first Car Show and Festival at Faith Children's Home. Everyone is invited and encouraged to join in on the fun no matter your age or condition of your car. The Kids, yours as well, will be competing against each other with a Tech Quiz. They need you there with as

many kinds of Porsche's as possible, no matter the condition. It is not a concourse! See the ad for details and <I><U>RSVP</I></U> to me by May 1st with your car specific questions! May 19th is our Fantasy of Flight Drive. See the registration is this months profile and contact Glen with your questions. Also in May is Zone-fest, 25th-28th. Talk about a weekend of Porsche-Porsche-Porsche. This is, as we always say, an event not to be missed. Cars from all over will join us, that is the kind of event this is...Call Gerry Curts with questions.

June 1st will see another first for the club. Richard & Marlene Hall will be hosting the membership meeting and Albert & Alicia Carr will treat us to authentic Argentine cuisine. Called the Argentine Asago, see the ad in this months profile. <I><U>RSVP</I></U> by May 27th. Also in June, will be the Sunrise to Sunset Rally on June 9th. Look for a full ad in the next profile.

We are scheduling a Bed & Breakfast Weekend in Mount Dora for June or July or both. Let me know if you would be interested in such an event and what dates are good.

I hope you are able to find a few of these events will fit into your calendar. I look forward to meeting more new members and visiting with the rest of you. Keep your ideas coming and THANKS for coming out,

See Ya,
Karen

*Gold Coast and Suncoast Regions of PCA
Proudly Present the Premier Florida Porsche Event*

Memorial Day Weekend, May 26-28, 2001 Admiral Lehigh Golf Resort, Lehigh Acres, Florida

On this coming Memorial Day weekend the heart and soul of Zone 12 can be found in Lehigh Acres, just East of Ft. Myers, Florida. It's ZONEFEST '01, and it's going to be GREAT. ZONEFEST is *the* multi-regional annual event in Florida and is jointly hosted by Goldcoast and Suncoast regions. Event headquarters will again be the Admiral Lehigh Golf Resort located in Lehigh Acres. Three days of Porsche madness. Come and partake in the fun, competition, and socializing with a group of people who share common interest and bond, our Porsches. Both regions extend a warm invitation to all PCA members to attend.

The weekend will start on Friday evening with a welcome party in the Registration / Hospitality / Goodie Store / Banquet Hall Suite where you can enjoy renewing old acquaintances or make new ones over snacks, soft drinks, beer, and wine. Saturday morning brings the Concours where cars are lined up on the lawn (photo op) and judged for cleanliness and condition. While the Concours is going on, the Tech Quiz will give you a chance to test your knowledge of Porsche and it's history, people, and racing heritage. This is a fun and challenging written test just in case you really miss those school exam days. The Tech Quiz always brings out lots of "bench racing" conversation.

Saturday afternoon is the Rally. This is a nice drive through the country (sic). You will have to drive your car over a pre-described route following written instructions at specified speeds to arrive at predetermined points at specified times (sounds easy, doesn't it?). Points will be assessed for each second you are early or late at each "check point" along the route. After the Rally there will be an informal social around the pool, weather permitting. Saturday evening is the Dinner and Social, an informal and fun time where many door prizes are given out.

Sunday, we will have the Autocross at Buckingham Park Airport; one of the few dedicated Autocross sites in the entire USA. This is a new site for the Autocross and promises to be an excellent one. The Autocross track will be laid out with pylons. You will compete against cars with similar performance and have three chances to run your best time against the clock. Lunch at the track is included in your entry fee. Also at the track, there is planned a RC car race starting at 10:30 for any children 12 years or younger.

The awards banquet will be held on Sunday evening. This is a grand affair where the weekend's trophies are presented and more door prizes given out. And do we have door prizes! Lots of neat stuff for you and your car, plus the grand door prizes - several sets of tires and maybe a surprise or two.

A complete schedule of events will be available with registration. Full entrance fees are \$120.00 single; \$180.00 double, post marked by May 14, 2001. After May 14, \$130.00 single and \$200.00 double. Social entrants and individual event entrants are welcome at reduced rates as detailed on the following page. The Hotel has reserved rooms for the Porsche Club at the incredible rate of \$49.00 per night. Call them to make your own reservations at this special rate at (888) 465-3222 or (941) 369-2121 before May 14th. We have reserved 80 rooms to be held up to this date. After May 14th, any remaining rooms will be released to the public. Last year some of the people who waited until the release date to make reservations ended up having to stay elsewhere. Don't let this happen to you this year.

CONCOURS D'ELEGANCE

There will be 3 classes in the Concours this year: Full, Surface, and Mini-surface. The classes are as outlined below. Cars entering the "Full Class" (class 10) will be judged in all categories. Cars entering the "Surface Class" classes 1 through 9) will not have the underside judged and will receive zero (0) points for that category. Cars entering the "Mini-surface Class" (class 11) will be judged only on the exterior and interior and will receive zero (0) points on the underside, engine and trunk compartments. If you intend to compete for the "Overall Weekend Award", it would be advisable to enter the Full or Surface Class because the total Concours points you receive will be used to figure the overall points for the weekend.

1. CLASSES:

1. All 356 Series.
2. All 911 & 912 Series, 1965 to 1977.
3. All 911 & 930 Series, 1978 to 1989.

RALLY

This year's Rally will be a "time, speed, distance" type. This means you will be given a set of route instructions to follow at given average speeds (these speeds will be changed from time to time by the instructions). Unknown to you, you will come upon checkpoints as you follow the Rally route. At each checkpoint you will be "timed in" and your elapsed time for that "Rally leg" (between checkpoints) will be later be calculated and compared against the "perfect time". For each 1/100 minute you were early or late from the perfect time, you will receive one penalty point. The penalty points for each leg are added together and your finishing position is determined. The car with the fewest points is the winner.

There will be only one class for this years Rally - "Unequipped".

That means you may use rally tables, stop watches, pencil and paper; but no calculators or computers are allowed.

The Rally accounts for 100 possible points toward the overall ZoneFest scoring.

TECH QUIZ

The Tech Quiz will be held during the Concours judging on Saturday morning. There will be both a Men's and Women's class.

The Tech Quiz accounts for 25 possible points toward the overall ZoneFest scoring.
